Copy of letter No.3/7966/0 of 11-5-51, from M/s Larsen & Toubro Ltd., Lloyd Building, Dougall Road, Ballard Estate, Bombay 1, to this office, re: Neersagar Water Supply Scheme for Uharwar.

--

This refers to your letter No. MP.28.A/5064, of 1951 dated 24th ultimo.

In reply, we beg to advise you that till now we have not been able to hold operator's training course as there was not much response from our customers for this course. We shall however be too pleased to hold a training course for your operators in the operation of "Caterpillar" D7 tractors Scraper, Bulldozer and Ripper. We also understand that we are shortly expecting an order for No.112 Motor Grader at present lying in our stocks for supply to Neersagar Project. It would then be good opportunity to train here your operator on Motor Grader operation as well.

Please let us know when do you expect to send your operators for training here? We would like to have them here before end of this month.

Regarding training course for tractor mechanics, please be advised that we are conducting regular course for 6 weeks periodically at our well equipped service station, Powai.

This six weeks training course has been organized by us free of charge to our clients with a view to demonstrating to them and their staff the efficiency of our workmanship and the efficiency of a tractor overhauled by us in our fully equipped service station manned by highly skilled factory trained service personnel.

As such representatives who attend to this six weeks training course can see and study for themselves all the processes connected with the major overhaul of the tractors which we trust will be very useful and informative.

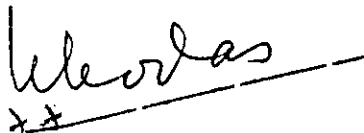

While this training course is free of charge to our clients who take part in it, we undertake no responsibility on ourselves regarding boarding and lodging whilst their stay in Bombay during this course. However, we shall provide with a free transport facility to and fro Powai from the nearest railway station Kurla which is a suburb of Bombay.

In this connection we beg to inform you that the third session of the six weeks training course for tractor mechanics is now in progress and will end on 26th May 1951.

We expect to commence the fourth session of training course for tractor mechanics some time by the beginning of July 1951 when we shall intimate to you well before hand so as to enable you to depute your representative to take part in the course.

Trusting the above information will meet with your requirements and assuring you in the meantime of our best services, we are,

No.MP-82-A/ 7283 of 1951,

Poona 1, 29th May 1951.

To

The Chief Engineer,
Public Works Department, Bombay 1.

Sub:- Neersayar Water Supply Scheme.
for Jharwar and Mubli.

reference: Correspondence ending with this office no.
MP-82-A/6718, dated the 14-5-1951.

2. The construction of the Earthen Dam for the above scheme will be started soon and the earth moving machines of various types as well as tractors, bull-dozers, will be brought into commission. It is desirable that some men of this department should be trained as Tractor Operators.

3. M/s Larson & Toubro Ltd., have shown their readiness to hold a training course at Bombay for our operators, in the operation of "Caterpillar" D7 Tractors, Scraper, Bull-dozer and Tipper. A copy of the firm's letter No.3/7966/0 of 11-5-51, is enclosed herewith for your information.

4. This training will be beneficial and as such, I propose to send 6 men from this Circle for the training. I request you, therefore, to please move Government to permit sending 6 men for the training which would be much helpful. An early approval of Government is requested.

5. The course of training is for 6 weeks and the extra cost to Government due to T.A. will be about Rs. 450/- over and above the pay of the establishment.

D.A. One.

from M/s Larsen & Toubro Ltd. addressed to this office
regarding Training Course for Tractor mechanics.

--

"Further to our letter 3/7966/0 dated 11th May 1951,
we are glad to advise you that the fourth session of the
6 weeks training course has been decided to commence on
2th July 1951.

We shall, therefore, be glad to know by return
mail from you whether you would like to depute any of
your mechanics/representatives to attend to the said course.

In order to enable us to make necessary provision
in the list of candidates who are attending the course
please furnish us immediately a list of the names of your
mechanics/representatives.

It is needless for us to recapitulate the terms
and conditions together with the advantages derived from
such training courses as they have already been explained
in detail in our previous correspondence with you on the
subject.

Looking forward to receiving your reply, we are, "

Dharwar and Publi - Training course
for Tractor Mechanics -

Reference: This office letter No. P.32.A/7283
dated 29-5-1951.

In continuation of the above reference, I enclose herewith a copy of letter No. 3/605/0 dated 22-6-51 received from M/s Larsen & Roubro Ltd. Bombay informing that the training course for tractor mechanics is to commence on 9.7.51. I have already proposed in my above reference to send 6 men from this Circle for the training course, which will be beneficial to this department. I request you therefore to please approve the proposal at an early date to enable me to send the trainees in proper time. The mechanics if sent now will be returning duly trained by the end of rainy season and ready to start.

Poona:dated: 24th: December: 1951.

To

The Secretary to Government,
Public Works Department, Bombay.

Subject:- Neersagar Water Supply Scheme.

Reference: Correspondence ending with Government
Letter, Public Works Dept. No. TSE/135-F, dated the 18th
July 1951.

2. As permitted by Government in the above quoted letter, two overseers were deputed to Bombay for training in the operation of Scraper, Bull-Dozer, etc. from the 15th September 1951 to the 31st October 1951, both days inclusive and they completed the course during the period. They were thus required to stay at Bombay for 47 days excluding the days of journey both ways. Government may therefore please be moved to grant them the daily allowance at the rates admissible to their grades for the period of first 30 days ~~at~~ and at $\frac{1}{2}$ the rate for the remaining 17 days as per rule 449 of the B.C.S.Rs. as a special case.

Early orders are solicited.
